

RNBC Presents

Full-Day Teacher Executive Function Workshops

Choose a Date and Location

8:00 - 3:45 p.m.

Thursday, October 7	@ NIU in Naperville
Friday, October 15	@ NIU in Hoffman Estates
Friday, October 22	@ Oakton in Des Plaines
Monday, November 15	@ Oakton in Skokie (Primary grades K-2)
Friday, December 3	@ Harper in Palatine

What are Executive Function Skills?

Executive Functions are the brain processes that enable us to regulate the world around us, utilizing organizational and higher-order learning skills. Development of the skills listed below are essential for success in both school and later in life.

Organizational

- Planning
- Adaptability
- Time Management
- Motivation
- Self-Monitoring
- Maintaining Attention

Higher-Order Learning Skills

- Goal Setting
- Sequencing
- Abstract Thinking
- Reasoning
- Decision Making
- Problem Solving

Objectives

This activity-based workshop is designed to:

- Increase awareness of neurological framework for Executive Functions
- Acquire knowledge about the RNBC Executive Functions Program
- Develop every-day teaching practices utilizing Executive Function skills in the classroom

Who Should Attend

Classroom and subject-area teachers of grade levels 3 to 12, special education teachers, school psychologists and social workers, school principals, and other interested administrators. CPDU Credits will be available.

See reverse side of this flyer for an enrollment form.
