

RUSH NEUROBEHAVIORAL CENTER

Building on the strengths of children, teens, and young adults

Parent Connections

~ 2012 Winter Schedule ~

January 19, February 16 & March 22, 2012

All sessions will be held Thursdays from 1:00pm – 2:30pm at Rush NeuroBehavioral Center

What is Parent Connections?

Parent Connections provides an opportunity to:

- Participate in an informal forum comprised of and led by other parents of children with neurobehavioral disorders
- Share ideas of what has worked for you and your child
- Benefit from the experiences and suggestions of others
- Discuss issues or concerns you may have about your child
- Receive support and network with other parents

Why was Parent Connections formed?

Parents of children with neurobehavioral disorders face many unique challenges. While a supportive friend or sympathetic family member is appreciated, it can be very helpful to speak with others in similar circumstances.

There is no fee to participate in Parent Connections. If you are interested in attending a session or would like to learn more, please email Cate Gonley at cgonley@rush.edu.

You may also complete the form below and return it to Cate Gonley's attention via fax to (847) 933-0874 or mail to RNBC, 4711 West Golf Road, Suite 1100, Skokie, IL 60076.
